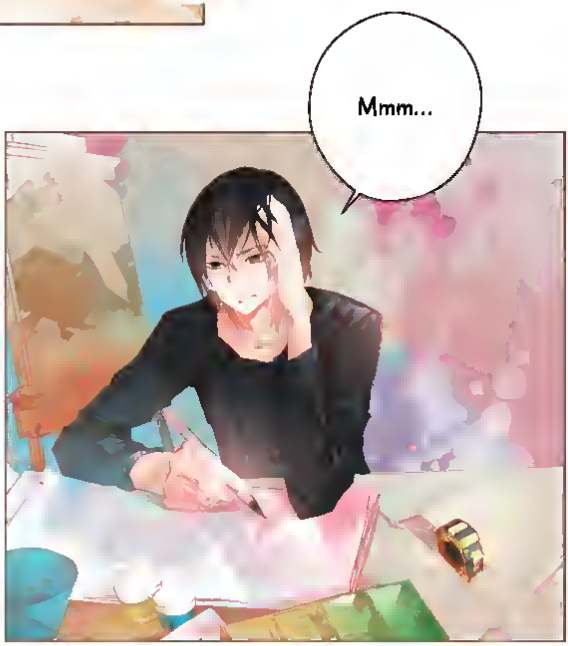
CHAPTER 5
MOVING

Shen Zhe, you should tidy up upstairs. They're going to be here soon.



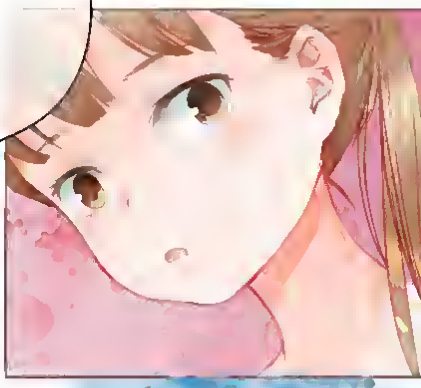
Mmm...

SLAM!
You've said "Mmm..." nine times since this morning!
Aren't you worried that I'll throw away all of your precious belongings?
Mmm... Go ahead.
HONK!

HONK!
We're back!

So this is your studio...
Not bad, not bad at all~
Ling Yao, come out and help!

You guys really took your time getting back, huh?



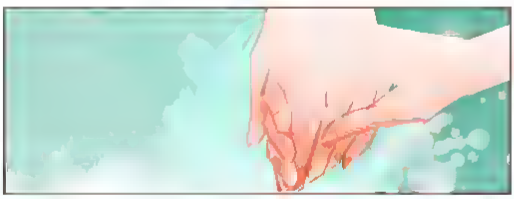
It's almost time for lunch!

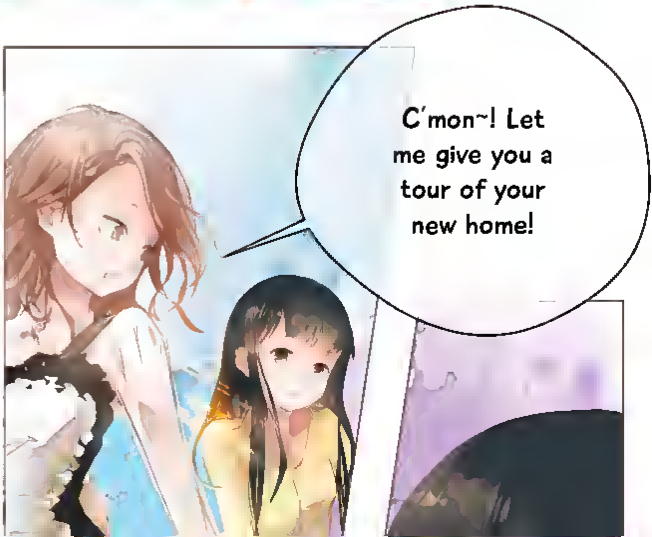
Ahh! What a cute little girl~!
I'm pretty sure she's older than you...
Where's Master Xiao? This stuff's way too heavy! Come out and help me!
He's still tinkering with his designs.

Hi there! I'm Ling Yao! You're Yi Nuan, right?

The feisty little sister is Yi Han. The older sister is Yi Nuan, and she's over here.
Can your chat wait until later? Let's get all this stuff moved so we can eat!

Ohh, so you're Yi Nuan! They said that you're really good at painting!
Ignored...





C'mon~! Let me give you a tour of your new home!

Make no mistake, you're just staying here temporarily.
This person...

Also, don't touch the model upstairs.

Hey! What are you doing, talking to my sister like that? You're so full of yourself!
We're thankful of your generosity to let us stay at your studio, but if you're going to be unwelcoming like this, you shouldn't have invited us here to begin with!
I'm sorry! He doesn't really talk much, so he treats everyone like that! Please don't take it personally!

Hey! Can you guys lend me a hand over here?
No!
What's going on?

We're finally done moving the boxes... You guys should take a break.
If you need anything, give us a holler!
Sis! That long-haired guy didn't make you mad, right?
No, I think lots of artists are weird like that...

Well, apart from his long hair, he looks nothing like an artist...
Wow, these pieces are really incredible...

Yeah, they're incredibly scary! It looks terrifying...
What is this a sculpture of?
No idea.
How can you say that it's incredible if you have no idea?

It just is!

Fine! Be that way! You're so exhausting...

Ahhhh!
What is this
situation?
Help!

To be continued...

The next update will be on Sunday afternoon after 2:00~

Hey! You! Are you gonna just leave like that after reading the chapter?
